Our Service Philosophy

We understand that when you are hurting, you don't have time to wait. To ensure that the impact of injury and painful conditions on your quality of life is limited, we move quickly to ensure an appointment within 24 hours and the commencement of effective treatments.

Our goal is to immediately reduce pain and restore function.

Whether you are suffering from automobile accident injuries to soft tissue damage, we are determined to give you the help you need to get your life back.

Conditions Regularly Treated

Whether you sprained your ankle playing basketball or are trying to get back to an active lifestyle after joint replacement surgery, we can help.

Among the conditions we treat regularly are:

- Soft tissue injuries
- post-operative orthopedics
- temporomandibular joint disorder
- back and neck pain
- general orthopedics
- occupational injuries
- repetitive strain injuries such as carpal tunnel
- paralysis
- amputation
- arthritis and fibromyalgia
- neurological conditions and injuries

- whiplash
- sports injuries
- auto injuries
- osteoporosis
- oncology
- TMD
